FEBRUARY 20...NO LUNCHEON.

February 27, 2012 we will have a couple of Ashbrook scholars speak at the luncheon. They are always entertaining and present a fresh, new look at our world.

President Obama continues to walk back some of his policies for certain groups and his approval numbers keep going up. You can count on the fact that he is trying to garner all the votes he can for the November General Election. And you can also count on the fact that if he gets re-elected, we will not stand a chance at taking back our nation from his socialist agenda. I know all this gets depressing and we have been overwhelmed with all this since he took office but we must get our second wind, stiffen our backs, hold our heads high, and devote the time, energy, and resources to get our Republican candidate elected as President, keep the majority in the US House, and get a majority in the Senate. That means...send President Obama back to Chicago and send Senator Brown back to Elyria.

Now is the time for all good men (and women) to come to the aid of their country. Our nation's future is in your hands.
